

FRIULCHEM INTRODUCES ITALIAN QUALITY TO CHINA, OBTAINING FROM THE MINISTRY OF AGRICULTURE OF THE PEOPLE'S REPUBLIC OF CHINA THE REGISTRATION OF A VETERINARY PRODUCT USED IN THE REHYDRATION OF PRODUCTION LIVESTOCK, FORMULATED AND PRODUCED IN THE VIVARO FACTORY

Milan, January 17, 2020 - **Friulchem S.p.A.** (AIM: FCM), innovative SME and one of the leading Italian operators active at international level in R&D and in the production for third party accounts (CDMO) of semi-finished and finished products containing active pharmaceutical ingredients and food supplements, specialising in drug delivery for the veterinary sector, announces that the registration of a veterinary supplement formulated by Friulchem and produced at its Vivaro factory has been obtained from the Ministry of Agriculture of the People's Republic of China. FC-REHYDRATANT is an effervescent probiotic in powder form, easily dissolved in water, used in the rehydration of production livestock.

"We are proud to announce this new and important recognition", remarks CEO Disma Giovanni Mazzola. "Obtaining this type of registration in China is most certainly a sign of the innovative character and excellence that identifies Friulchem products. Our next objective is to seek potential local distributors, even multi-national, aiming at marketing our products to further proliferate the business in the East".

The press release is available on the website: <https://friulchem.com/it/media-relations/>

Friulchem (AIM:FCM), a company that has been operating in this sector for over 20 years, is today one of Italy's leading CDMOs (*Contract Development Manufacturing Organisations*) operating internationally in the healthcare sector. It offers third-party research, development and manufacturing services for semi-finished and finished products containing both active pharmaceutical ingredients and food supplements. It primarily specialises in drug delivery systems for the veterinary sector, providing Friulchem's trademark excellence, as well as in the development of dossiers for generic medicines for human use. Friulchem is an innovative SME and B2B company which prides itself on its end-customer focus, and has deep Italian roots, thanks to its manufacturing facilities in Vivaro (Pordenone) and administrative headquarters in Milan. The Company is strongly oriented towards R&D activities and boasts established relationships with leading multinational companies in the pharmaceutical sector.
