

## **FRIULCHEM CONSOLIDATES ITS PRESENCE IN CHINA**

### **REGISTERED TWO PRODUCTS FROM THE SUPPLEO LINE DEVELOPED BY FRIULCHEM USING FC- Cubes® TECHNOLOGY AND ANNOUNCEMENT OF FRIULCHEM'S PARTICIPATION AT PET FAIR CHINA 2023 IN SHANGHAI**

*Milan, 21 July 2023 - Friulchem S.p.A.* (EGM: FCM), an innovative SME and one of the main Italian operators active at international level in R&D and in third-party manufacturing services as a Contract Development and Manufacturing Organization (CDMO) of semi-finished and finished products containing active pharmaceutical ingredients and food supplements, with a particular specialisation in drug delivery for the veterinary sector, is delighted to announce that the Ministry of Agriculture of the People's Republic of China has granted registration of two products of the Suppleo line, complementary feeds developed by Friulchem with its proprietary FC-Cubes® technology in the Vivaro factory. The Company can also confirm that it will be at Pet Fair Asia in Shanghai from 16 to 20 August 2023.

Specifically, the registrations concern the products Suppleo Bio Skin, which aids in preventing and treating skin conditions, and Suppleo Joint Comfort, which promotes joint health and maintains joint homeostasis mobility. The registrations are additional evidence of Friulchem's commitment and willingness to develop initiatives in Asian markets, which are strategic for worldwide business expansion.

Friulchem also confirms its commitment to global development with its presence at Pet Fair Asia, the largest trade fair in Asia, and a key innovation hub for the international pet industry. The event significantly emphasizes Asian markets and comprehensively covers supply chain and procurement requirements. Through its Suppleo brand, Friulchem will use its on-site stand to showcase the most recent innovations in highly palatable chewable tablets for cats and dogs.

Friulchem CEO Disma Giovanni Mazzola commented: *"We cannot but be satisfied with this new achievement for Friulchem, which sees the further expansion of our Company and our products into the Asian markets. One of Friulchem's specialties is manufacturing veterinary products under the Suppleo trademark, based on our Italian-patented FC-Cubes® technology. Presenting our new solutions in such a prestigious setting as the Shanghai trade fair is a crucial indicator for us of the viability of our products in a market such as the Asian one, which is always attentive to quality and innovation. We continue to pursue our steady growth strategy to expand our global offering and presence. Our goal is to attract and unite national and international partners and share values and principles to establish"*.

**Friulchem (EGM:FCM)**, active for over 20 years in this industry, is now one of Italy's leading CDMOs (Contract Development and Manufacturing Organizations) operating internationally in the healthcare sector through third-party research, development and manufacturing services for semi-finished and finished products, containing both active pharmaceutical ingredients and food supplements, with particular specialisation in veterinary drug delivery systems, which, along with the development of dossiers for generic medicines for human use, represents Friulchem's field of excellence. Friulchem is an innovative SME and B2B company with an appreciable customer focus. It has solid Italian roots thanks to its production plant in Vivaro (Pordenone) and its administrative headquarters in Milan. The Company is strongly R&D-oriented and has established relationships with leading multinationals in the pharmaceutical industry.
